

TECHNICAL SPECIFICATION SHEET

Daytona

Full Season Storage-Spanish Onion

Daytona is an outstanding onion for long-term storability in a late maturing jumbo-sized onion. This storage-spanish hybrid has a vigorous root system that provides above average size and yield. Daytona has shown to be tolerant to dryer growing conditions and is Fusarium and pink root tolerant. This hybrid is an excellent choice to put away for late season shipping, and has low storage loss when properly cured and handled.

Variety	Relative Maturity	Bulb Shape	Grade Range	Skin Color	Storage Potential	Disease Resistance
Daytona	125 days	Globe	J	Dark	7 months	PR, FBR
